Natural Immunity & Safe Ways to Prevent & Treat Covid-19

TRUE NORTH *strong & free*

The Charter of Rights & Freedoms

It is a **Self-evident truth** that maintaining a strong and healthy immune system is the most important way to prevent or overcome any viral infection.

It is also a **Self-evident truth** that under the Canadian Charter of Rights & Freedoms Canadians have the freedom to exercise their own free will to educate themselves and to choose the safest and most effective ways to prevent and to treat any viral infection including the covid-19 virus.

Natural Immunity & Safe Ways to Prevent & Treat Covid-19

For thousands of years human beings have survived and thrived without using **un-natural methods** of preventing and treating viral infections.

1 The year 2020 was a **Major Breakthrough** year for Natural Solutions that worked excellent to prevent and to treat covid-19 viral infection.

2 Honest, Truth-Seeking Experts are advising us that "**Natural Immunity**" is the only way we will defeat and get past Covid-19. Experimental Gene Therapies **DO NOT** work to prevent or to treat covid-19 and are leaky which is causing variants.

3 To prevent Covid-19 or influenza viral infections follow Dr. Zelenko and Mercola.com Protocol:

Once a week take:

- 500 mg of Quercetin
- 30 mg of Zinc
- 1 mg of Copper

5 days a week take:

- 5,000 IU of Vitamin D3

This combination has worked excellent to prevent any viral infections.

4 If infected with covid-19 or any influenza virus **increase the levels of Quercetin, Zinc and Vitamin D3 to twice a day and up to three times per day if necessary.** Do this until fully recovered. This Protocol has worked excellent to help dozens of people to quickly recover from a covid-19 infection.

Truth Behind Covid-19

Increasing evidence points to the likelihood that the covid-19 virus was a bioweapon released from the Wuhan Institute of Virology in the City of Wuhan, Hubei, China.

Fortunately the studies have proven that there are highly effective therapeutic treatments available to prevent and to treat covid-19.

The website: <https://c19early.com> is keeping track of the scientific studies for quite a number of therapeutic treatments which effectively deal with the Covid-19 virus.
